

## Comments from client who booked Conquer Clutter program.

Hi Linda: Thank you so much for sharing the evaluation as well as your take on how it went, and thanks for presenting a great program. For us, that number of people attending a program is FABULOUS. The staff who were there also indicated to me that everything went well. You are a pleasure to work with and I'm seriously considering the Spend Less Time Cleaning program. I will stay in touch with you!

Sincerely, Justine Tomczak, Sr. Librarian

“Just had Linda back for a second program at the Mahwah Public Library. There were fifty people in attendance and everyone had only wonderful comments about her "Conquer Clutter" program. It seems like there is even a repeat audience for her "Cleaning" program so we'll have to get Linda back again.”

**Top qualities:** Expert, Good Value, Creative <sup>1</sup> [Denise Laude](#), hired Linda as a Library in 2010, and hired Linda more than once

Linda presented "Spend Less Time Cleaning & More Time Reading" at the Hawthorne Library. She was extremely responsive as we coordinated the event. I enjoyed working with her. The audience was actively engaged during her presentation and several people commented on how they enjoyed the evening.” **Top qualities:** Personable, Expert, Good Value

“I worked closely with Linda when she was hired to give a presentation entitled "Conquer Clutter" at the Clifton Public Library. The planning process was a breeze: She was always in touch, whether by phone or email, in a very timely manner, and she had great advice for helping me arrange and prepare for her program as well as extremely helpful feedback afterwards for running future programs. A huge supporter of libraries, Linda made sure to gather statistics and talking points from me to incorporate into her program, which was a great (and very much appreciated) personal touch. The program was open to the public, and we had great attendance and positive reviews on the surveys at the end. I also had several people contact me in the weeks following the program to get Linda's contact information so they could book her for their own groups!” **Top qualities:** Great Results, Personable, High Integrity
