Linda,

Just want to let you know how great I feel!!! I really feel we are making progress. My husband is doing much better than I thought he would. I am so happy. My sister says I sound happy too when I tell her what we have done. I like your style. I feel very comfortable with you. You are not pushy about getting rid of things. Thanks for climbing up and down today to put things up on the shelves.

I want to tell you how helpful you were last week. I felt as though you listened to me and understood that I am not necessarily ready to "get rid of" my stuff. So thank you soooo much. Just organizing my coupons and ads was huge! Love my Christmas file!! Actually, love all my files and especially the fact that they are in one place! ~Jackie~

I can not believe I actually had empty drawers after Linda organized them!! Empty drawers!!! Kitchen, office, closets, laundry room, bedroom, jewelry, and cleaning supplies are all organized and everything I need can be found in 2 minutes or less! ~Name confidential~

Just wanted to let you know I went down to the storeroom and didn't feel like running out. In fact, my daughter was looking for paper and she found it pretty quickly. We definitely made progress. I am really pleased and satisfied with the progress so far.  
Thank you so much, ~ Barbara V~

Thanks Linda for all of your wonderful ideas and support! My home is becoming the sanctuary I want it to be! I really do appreciate your enthusiasm - it's contagious! ~Jean~

I really like the neat drawers. I get happy when I go into the one on the top right. That drawer has been a mess for 40 years!! LOL. Now it is so serviceable. ~Linda~

If there was an attribute that said "miracle worker" I would have checked it.

Hi Linda,

Where do I begin? You helped me with my linen closet, start a filing system for my piles and piles of papers,, organize school supplies, organize my pantry, label everything. Organizing my papers was the most helpful. Also, helping me to organize my pictures and scrapbooking supplies was great. The places that you helped me organize are still organized. When the places get messy, they are easy to get "back into shape" because of the systems that are in place. ~J.S~

Thank you so much for your continued advice. It's been really helpful- I was starting to feel it was taking over my life and now I feel I've got a good handle on it. Many thanks again,  
~Denise~

Working with Linda was more than just organizing she gave me cleaning tips and answered my questions about my home & maintaining it as well. ~Name confidential~

"She organized the cleaning closet and went over the cleaning supplies that my cleaning lady was using and discovered that one of the products was scratching my tile & sink. Linda is very easy going yet very motivated and gets lots done in a little bit of time. Very encouraging and friendly. It shows that she has the gift of helping, motivating and encouraging people with out showing any kind of discouragement at all!

My, (or should I say "our" closets are all done! I have my clothes in my closet and George had extra room in his so I took over some space in his closet! I appreciate the time and shopping you did for me. You certainly were a big help in designing it. Once again, thanks ~ Barb B~

I realize that after Linda got me organized I will save money by not ordering supplies I already had also I feel more in more in control, my wasted time looking for papers has decreased and my desk looks so professional-nice and neat!" ~Barbara~

"Thanks so much for all your help. You are great and such a pleasure to work with. My kids can find the supplies they need for school in less than 2 minutes now! I love my files! I have more peace of mind. I am already trying to decide what I want to organize next :) ~Amy~

Linda, As a consequence of our day together, and with a minimum of other expenditures, the room is totally transformed, aesthetically as well as functionally. I feel a warm magnetic pull towards my office as I feel old habits dissolve and begin a new phase in my life. And, the dining room henceforth will be the dining room, never to be dumped on again.

I (we) have come so far, so fast, I can hardly believe what I see and what I can do. Linda, I look forward to staying in touch and to sharing, with anyone who will listen, the details of my happy, healing experiences with you.

May you continue to be fully rewarded for the great work you do.

Best wishes always!

~Diane~

"I first met Linda at her presentation at the Lincoln Park Library. She was informative, well prepared and distributed very useful material explaining how to get rid of various items and get started organizing your home/life. I decided to try her service. We started working in our garage. My husband had years of junk he has collected and now it was time to let some items go. Working with Linda was more like working with a friend or relative. Some of the items we treasured she helped us display such as my father's hand tools. I feel we made great progress and would highly recommend her." *January 18, 2010* **Top qualities:** Great Results, Good Value, High Integrity
